Subject Line: [Insert Community Name], did you know you can recycle your cartons?

Hello [First Name], Did you know that you can recycle food and beverage cartons in [Community Name]?

This includes refrigerated cartons — such as milk or juice cartons — and shelf-stable cartons — such as broth or almond milk cartons. Not sure exactly what a carton is? [Take this quiz.](#)

**CARTON
COUNCIL**

recyclecartons.com

Recycling cartons is easy and convenient. Just toss your empty cartons into your recycling bin along with your other glass, aluminum and plastic containers.

When you recycle your food and beverage cartons, you are helping create raw material that is then used to make new paper products, such as paper towels or even ceiling tiles. By recycling cartons, you also help conserve our natural resources and reduce landfill waste.

Visit recyclecartons.com for more recycling tips and to see how you can help spread the word!

Thank you for keeping [Community Name] clean and green,
